## EXPERIENCE

- 2006 – 2009 **BOSE CORPORATION** Bloomfield Hills, MI  
*Audio Systems Engineer (Automotive Systems Division)*
- Benchmarked competitive vehicles, and modeled new Bose technology to develop proposals for new customer projects
  - Presented proof-of-concept demonstrations to customer marketing, product planning and engineering teams to influence purchasing decisions for new vehicle business
  - Collaborated with cross-functional teams within Bose and customer organizations to resolve in-vehicle integration issues with Bose components
  - Led cross-functional teams within Bose and customer organizations (Nissan and GM) to optimize in-vehicle performance consistent with the Bose brand and customer expectations
    - Received positive media coverage for Bose in a number of vehicle reviews
    - Oversaw the design of Bose's smallest-ever bassbox in a GM vehicle
- 2005 – 2006 **ANHEUSER-BUSCH COMPANIES, INC.** Saint Louis, MO  
*Engineer (Brewing Operations and Technology)*
- Evaluated unique operational issues at each A-B brewery to develop an anti-virus protection scheme that protected A-B from outside threats with no impact to brewery operations
  - Recommended (to management) scope of use of new technologies at breweries based on research and analysis of risks, implementation issues and costs of adoption
  - Led a mass IT infrastructure upgrade at two breweries in a condensed schedule with no downtime while managing operational, technical, and logistical needs of each implementation
  - Collaborated with IT colleagues at each of A-B's domestic breweries to implement changes in infrastructure without disrupting brewing and packaging processes

## ADDITIONAL DATA

- Received Toastmasters Internationals' Competent Communicator Recognition in June 2009
- Earned black belt in Han Mu Kwon Tae Kwon Do in June 2009
- Completed 4 half-marathons since 2006
